DELIVERING FOR QUEENSLAND

Loganlea Station Relocation project

The Australian and Queensland governments are relocating Loganlea station to better connect customers with nearby health, education, and community services.

Key benefits for the community

- Improved accessibility
- Better connections to nearby services
- Improved safety
- Improved network efficiency

Key features

The new Loganlea station will be conveniently located 500m to the south, opposite the Logan Hospital and closer to other health, education and community services. It will continue to be a key transfer location between all-stops and express services on the Beenleigh and Gold Coast train lines. The existing Loganlea station will remain open during construction.

- **Improved accessibility** including lifts and ramp access, directional signage and hearing loops
- **Improved safety and security** with additional lighting and CCTV
- **Better connections** to community services
- **Better walking and cycling** connections to the station.
