

Logan and Gold Coast Faster Rail

Kuraby Open Level Crossing Removal

Services relocations and bridge construction works continuing

Key benefits for the community

Improved safety

Increased traffic flow

Improved flood immunity

Reduced peak hour congestion

What's happening in November?

Underground services installation

New underground utility services will be installed, between Jacob Lane and Warrigal Road:

- open trenching, earthworks and backfilling by excavators and using vibratory rollers
- heavy vehicles transporting material fill
- installing new sewer and water pipes, telecommunications conduits and stormwater drainage
- connecting new services to existing networks
- pumping out from sewer manholes, sometimes out of hours.

Advance notice will be provided about any planned service outages, if required.

Please see map on back page.

Work hours

Standard hours: 6.30am to 6.30pm, Monday to Saturday

Out of hours works: 6.30am to 6.30pm Sunday, and 7pm to 5am Sunday to Thursday

Weather and site conditions permitting.

Earthworks and retaining wall construction

Work will commence on constructing the new St Davids Street loop:

- installing precast concrete panels and steel wall reinforcement to construct a retaining wall
- heavy vehicles transporting fill material to site, using access gates along Beenleigh Road
- road works using excavators, graders and vibratory rollers.

Australian Government

BUILDING AUSTRALIA

QueenslandRail

Queensland Government

Bridge construction

Works are continuing on the bridge abutments and pier:

- cutting and welding reinforcing steel
- concrete pours, sometimes out of hours
- delivering and installing precast concrete panels
- delivering and compacting fill material, using excavators, graders and vibratory rollers.

Winifred Street upgrade works

Road upgrade works are continuing:

- removing existing road surface and curbing
- excavation to install stormwater drainage
- heavy vehicles transporting fill material
- backfilling, and rebuilding road surface.

Former service station site remediation

Remediation works will commence on the former service station site, on the corner of Beenleigh Road and Donegal Street:

- excavating and removing old fuel tanks and infrastructure
- soil testing and ground rehabilitation works (if required)
- fill material deliveries and placement using heavy vehicles, excavators and vibratory rollers.

Nearby residents and business may experience a fuel or petroleum-related odour during the works. These odours are non-toxic and expected to be short term.

What to expect

- Noise, dust, odour and vibration, with water carts to suppress dust as required.
- Vehicle and pedestrian changes, traffic control and signage, on:
 - Beenleigh Road
 - Jacob Lane
 - St Andrew Street
 - Alpita Street
 - Allbutt Street
 - Strathmore Street
 - Donegal Street
 - Winifred Street
 - Corella Villas
 - Timbertop Grove.
- Heavy/light construction vehicles and equipment with flashing lights and reversing beepers.
- Short term service outages, including water and telecommunications. Impacted residents will be notified in advance.
- Works around Kuraby Square, Kuraby Mosque and Kuraby station, with access maintained at all times.
- Qualified subcontractors conducting soil testing and ground treatment, as required

We appreciate your patience during these works. We will continue to keep you updated as works progress.

About the project

The Beenleigh Road level crossing is being replaced with a road-over-rail bridge, to improve safety and reduce congestion.

This is the first of five level crossings being removed as part of the Logan and Gold Coast Faster Rail project, jointly funded by the Australia and Queensland governments.
