Works notice

November 2026

Queensland Train Manufacturing Program

Yarning Circle at the Torbanlea facility

Torbanlea train manufacturing facility

Final works are underway across the facility, including the connection of the site to the North Coast rail line.

Key benefits for the community

- Contributes to economy
- Contributes to regional growth

Project overview

We're in the final stages of construction at the facility. Rail infrastructure works are progressing to connect the site to the North Coast rail line, enabling trains built at Torbanlea to access the Queensland rail network.

What to expect

During this period, you may notice:

- low levels of noise, dust and vibration
- workers and low impact activities within the rail corridor
- heavy vehicles and some light vehicles using the Bruce Highway entrance
- light vehicles using the Ritchie Road entrance.

Information sessions

Community members are invited to **drop in and speak** with the project team at an upcoming pop up information session:

Saturday 21 November 2026, 4-8pm

Mary Christmas Street Party, Maryborough Information Centre

Saturday 28 November 2026, 3-9pm

Carols in the Country, Tiaro Recreation Grounds

DELIVERING FOR QUEENSLAND

Queensland Government

Project Information Centre

The QTMP Project Information Centre is located at 229 Adelaide Street, Maryborough. For opening hours, visit www.tmr.qld.gov.au/trainmanufacturing

Construction works

- final rail infrastructure works to connect the facility to the North Coast rail line
- testing and commissioning of rail systems and supporting infrastructure
- landscaping and fencing
- demobilisation of plant and equipment
- ongoing testing of specialist manufacturing equipment.

New Yarning Circle and Artwork

We recently welcomed representatives from the Butchulla Native Title Aboriginal Corporation (BNTAC) to celebrate the unveiling of a new Yarning Circle and First Nations artwork at the Torbanlea facility.

Meet Raj, our Site Engineer

As part of the QTMP team, Raj supports activities across specialist equipment, furniture fit-out, documentation and quality. The variety of work and opportunity to learn have been highlights of his role.

Raj is proud to be contributing to a project that will have a lasting impact for Queensland.

"Every day is different, and I'm constantly learning something new."

Raj, QTMP site engineer (October 2026)

Work hours

Standard construction hours: 6.30am–6.30pm, Monday to Sunday.

Manufacturing activities operate under two shifts between Monday to Saturday:

Day shift: 6am–2.30pm.

Afternoon shift (if required): 2–10pm, with reduced crew numbers.
