DELIVERING FOR QUEENSLAND

Logan and Gold Coast Faster Rail

Edens Landing station precinct

February 2026

Updated design

The 2023 Refined Reference Design (RRD) provided improved safety and accessibility, with new lifts and straightened and raised platforms, improved parking facilities and a new pedestrian overpass.

As part of the tender process for the Logan and Gold Coast Faster Rail (LGC) project, the Department of Transport and Main Roads (TMR) asked proponents to innovate and consider options to address prior community feedback.

As a result, TMR has adopted a repositioned station aligned with Eddy Avenue to improve customer amenity and community safety.

Other updates to the design include:

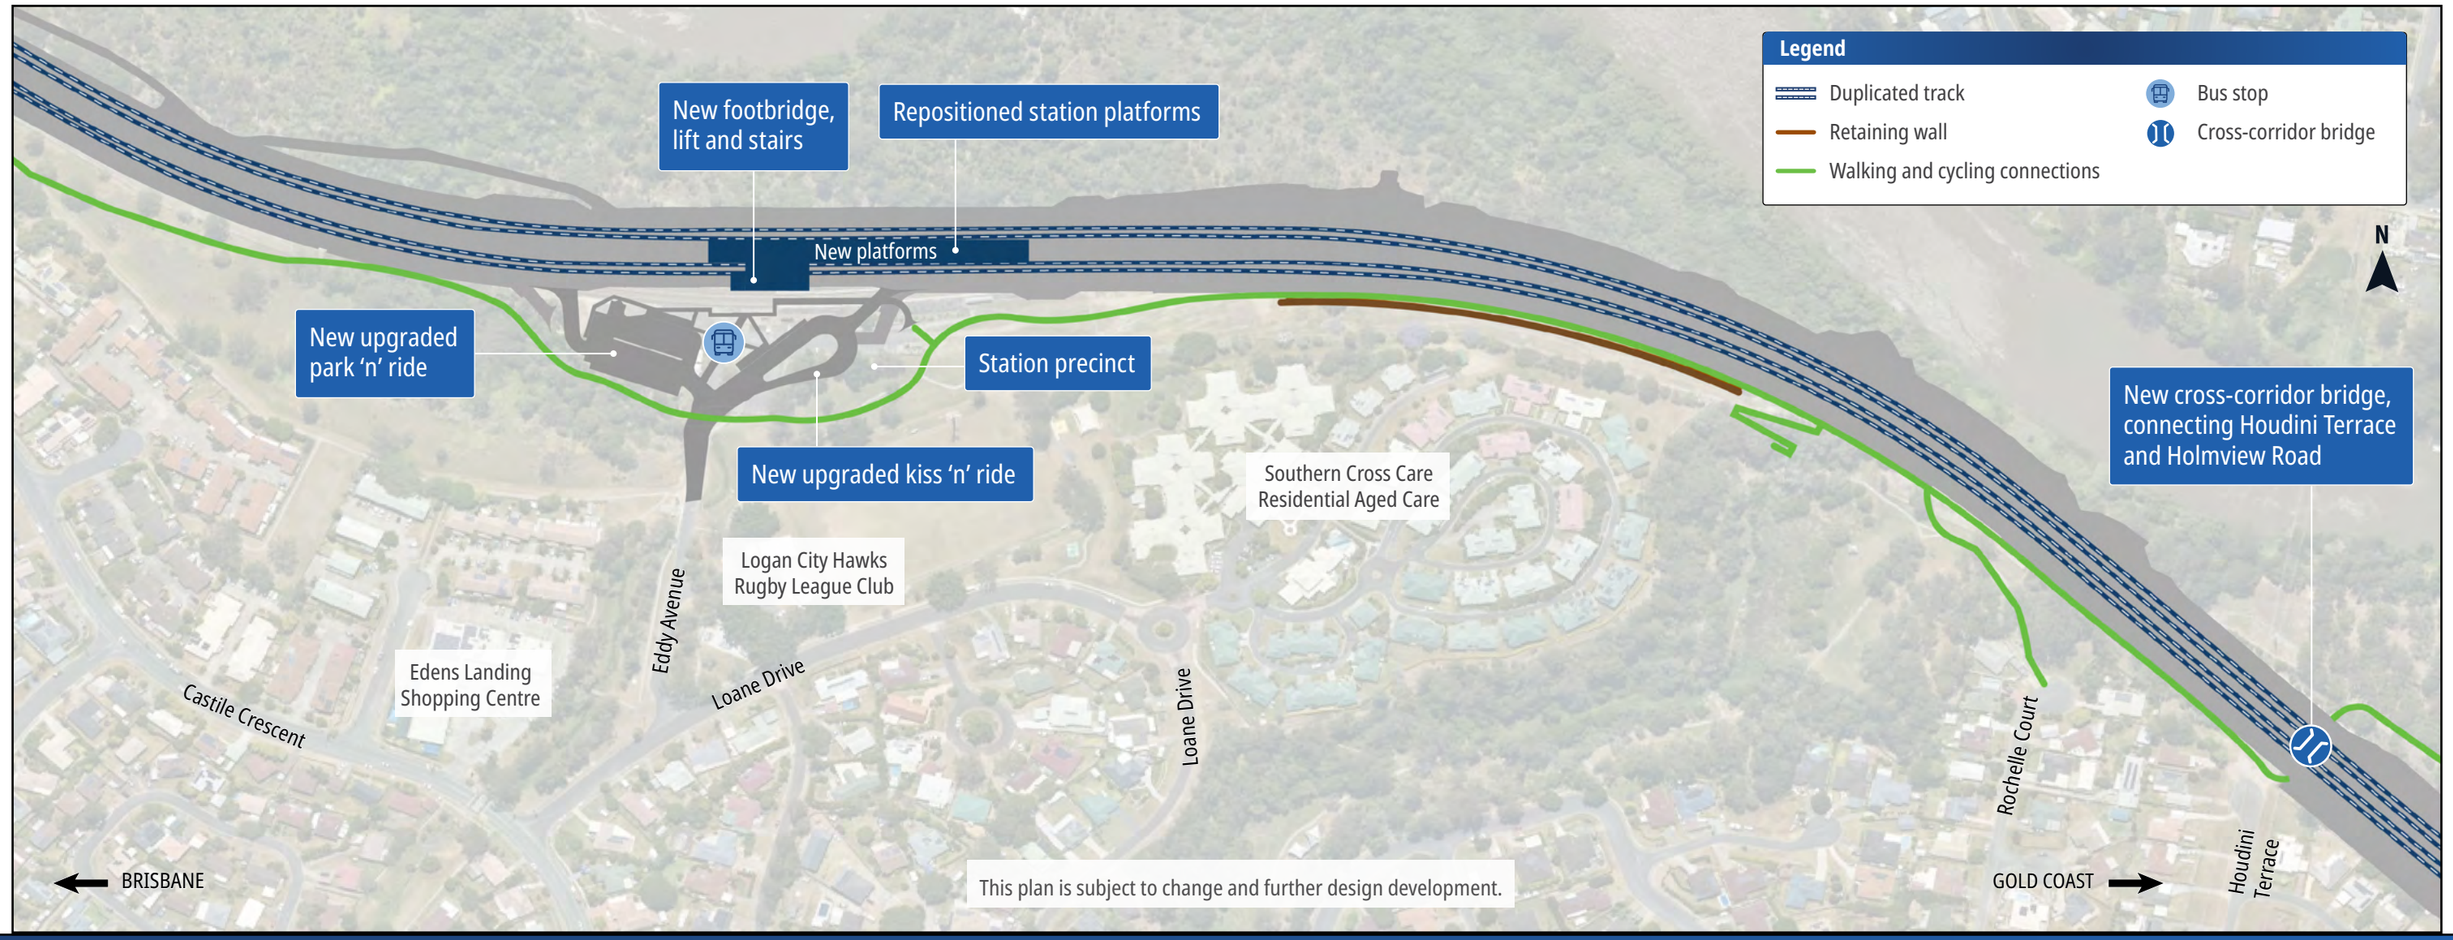

- improved walking and cycling connections to local destinations including Edens Parkland, Leighton Fields, Grove Road Reserve and Holmview Park
- repositioned bus stop, park 'n' ride and kiss 'n' ride on Eddy Avenue, increasing visibility and safety for customers
- a new cross-corridor connection, providing access between Houdini Terrace, south of the rail corridor, to Holmview Road, north of the corridor.

Edens Landing station precinct updated design

How community feedback shaped the updated design

In late 2023, TMR sought public feedback on the Refined Reference Design for the whole LGC project, including the removal of five level crossings between Kuraby and Beenleigh.

Community feedback has been incorporated into the updated design for the Edens Landing station precinct, to further improve accessibility, safety and customer experience.

What you told us

Strong support for local connections to walking and cycling infrastructure, including improved cross-corridor access. Additional car parking spaces were also requested.

What we are doing

A new cross-corridor bridge will be built, providing a walking and cycling connection between Houdini Terrace, south of the rail corridor, and to Holmview Road, north of the corridor. Providing an upgraded park 'n' ride with increased car parking spaces.

Have your say

Engagement is underway on the updated design for Edens Landing station precinct. Have your say **from Monday 23 February to Sunday 22 March 2026**.

Scan the QR code overleaf, or visit **www.yoursay-projects.tmr.qld.gov.au/logan-and-gold-coast-faster-rail**

Further information on the updated designs for Holmview and Beenleigh station precincts will be available in the coming months.

Community drop-in sessions

Visit the project team at one of the following drop-in sessions to ask questions and provide your feedback.

Logan City Hawks Rugby League Club
Loane Drive, Edens Landing
Tuesday 3 March 2026
9am-12pm and 3pm-7pm

Beenleigh Library
Crete Street, Beenleigh
Thursday 5 and Saturday 7 March 2026
9am–12pm both days

Next steps

TMR, Queensland Rail and ActivUs have formed the ActivUs Alliance to deliver the LGC Rail package.

The LGC Rail package scope of work includes doubling the tracks between Kuraby and Beenleigh from two to four, removing level crossings, modern station upgrades, and improving access and connectivity along the complex 20km project corridor.

ActivUs is currently undertaking site investigations to inform further design development ahead of major construction works starting later in 2026.

The $5.75 billion LGC Rail project is jointly funded (on a 50:50 basis) by the Australian and Queensland governments.

Scan the QR code to visit the online engagement hub at **www.yoursay-projects.tmr.qld.gov.au/logan-and-gold-coast-faster-rail** to have your say and sign up for future updates.
