Bethania construction overview

Logan River to Church Road
and Holzheimer Road, Bethania

Key benefits for the community

- Improved network efficiency
- Improved accessibility
- Improved safety

Upcoming works from late 2026

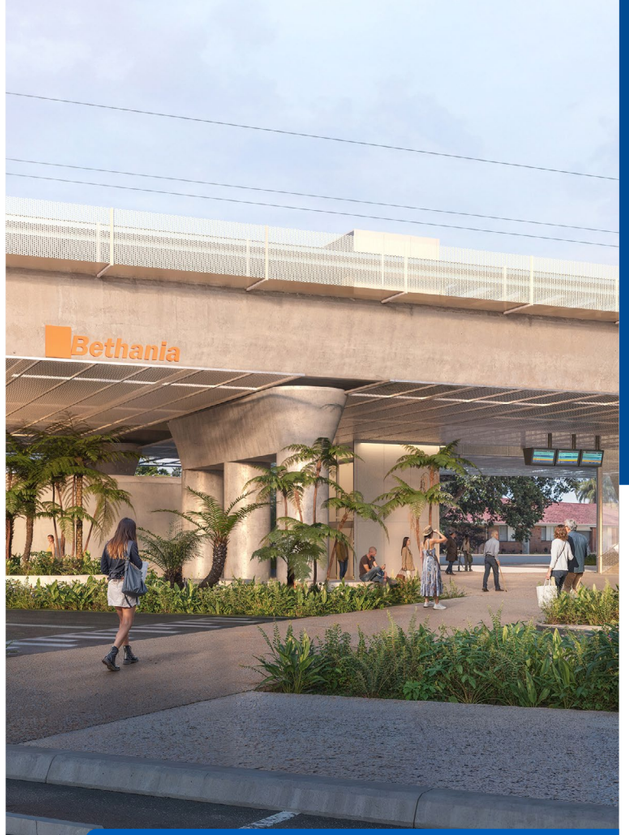

- Ongoing site establishment and enabling works.
- Intermittent closures of Bethania station car parks.
- Relocating existing and installing new underground utility services (e.g. telecommunications, power, water).
- Temporary traffic changes on Holzheimer Road.
- Piling works to construct station foundation.
- Removing Bethania station platform 2 shelter, to enable piling works.

Bethania Waters Shopping Centre
78 Station Road, Bethania
Tuesday 24 November 2026
10am – 12pm and 3pm – 5pm

Bethania Community Centre
88-118 Station Road, Bethania
Saturday 21 November 2026
8am –11am

Bethania station plaza entrance from Station Road. Artist impression, subject to change.

Work hours

Standard work hours: 6.30am to 6.30pm, Monday to Saturday.

24/7 works: Intermittent as required.

Weather and site conditions permitting.

Overview

The Bethania station precinct is being upgraded to improve accessibility, safety, and customer experience.

The new Bethania station precinct includes:

- an elevated station built above Station Road, with improved access across the rail corridor
- an elevated rail bridge, approximately 500-metre long, between Snedden Street and the existing station car park
- easy access to the new elevated station via lifts and stairs to the platforms
- an improved park ‘n’ ride facility on Station Road
- walking and cycling connections to the station and local destinations, via a community plaza under the new station.

The elevated rail line removes the need for the Station Road level crossing.

Please see map over the page.

Construction timeline*

Late 2026
- Ongoing site investigations
- Enabling works
- Utility services works

Early 2027
- Road realignment works
- Earthworks and piling works for rail bridge and station foundations

Mid-late 2027
- Ongoing earthworks and piling
- Rail bridge and station construction
- Bethania station closure, station building relocation and demolition works

Early 2028 - completion
- Ongoing rail bridge and station construction
- Station Road level crossing removal

**Indicative timeframes – subject to change. Construction staging planning is progressing.*

Bethania works area – Logan River, to Church Road and Holzheimer Road, Bethania

Local access

Access will be maintained to:

- Bethania Waters Shopping Centre
- Bethania Community and Aquatic Centres
- the Radke Road emergency access route, including during flood events.

This plan is subject to change and further design development.

About the Logan and Gold Coast Faster Rail project

These works are part of the Logan and Gold Coast Faster Rail (LGC) project, to improve accessibility, safety and customer experience for the community.

The LGC project includes:

- doubling the tracks between Kuraby and Beenleigh
- providing modern station upgrades and improved walking and cycling connections
- removing five open level crossings.

The LGC project is jointly funded by the Australian and Queensland governments.

Key construction activities

- Local road works, including realigning Holzheimer Road.
- Earthworks, piling and concrete pours.
- Delivering materials and equipment to site.
- Demolition works, including Bethania station.
- Set-up and operation of very large mobile cranes.
- Precast concrete panel and steel station structure lifts.
- Platform and station fit out.
- Installing track, signalling and overhead power equipment.
- Landscaping works.

What to expect

- Field office and temporary site facilities on Station Road.
- Changed traffic conditions on Holzheimer and Station roads.
- Bethania Community and Aquatic Centres' partial car park closures.
- Bethania station and on-street car parking closures on local roads.
- Increased noise, dust and vibration, with mitigations in place, as required, including out of hours works.
- Increased workforce and construction vehicle traffic on local roads.
- Haulage routes to deliver and remove materials from site on Church and Holzheimer roads.

We appreciate your patience during these works. We will continue to keep you updated as works progress.
