Works notice

July 2026

DELIVERING FOR QUEENSLAND

Logan and Gold Coast Faster Rail

Kuraby Open Level Crossing Removal

During July 2026, work on the new road-over-rail bridge is commencing.

Key benefits for the community

- Improved safety
- Improved network efficiency
- Reduced peak hour congestion

What's happening?

Site establishment works

Work areas continuing to be established, between St George Street and Warrigal Road:

- vegetation clearing
- earthworks
- delivering materials and equipment
- installing temporary fencing.

Please see map over the page.

Underground services relocations – Between Winifred Street and Beenleigh Road Park

New underground sewer / water pipes will be installed, between Winifred Street and Beenleigh Road Park. Works will involve:

- establishing construction work areas on Winifred Street and within Beenleigh Road Park
- installing fencing and vegetation clearing
- excavation and concreting works to prepare the site
- trenchless drilling under the Gateway Motorway, using micro-tunnelling machines.

Work hours

Standard hours: 6.30am-6.30pm, Monday to Saturday

Out of hours works: 6.30am-6.30pm, Sunday and 7pm-5am, Sunday-Thursday

Weather and site conditions permitting.

Winifred Street and Beenleigh Road intersection works

From **Monday 6 July 2026 until early 2027**, Winifred Street will be closed to through traffic, between Beenleigh Road and the Rubicon Crescent roundabout. Access to Beenleigh Road will be via Donegal Street.

Road widening and temporary realignment works will be undertaken on Beenleigh Road to enable safe access to the Winifred Street construction work area, and include:

- installing concrete barriers and fencing
- installing signage and temporary traffic lights
- asphalting and line-marking works.

Queensland Government

Bridge construction – piling works

Piling works will continue in the St George Street work area and then move to the St Andrew Street work area.

Works will include:

- heavy vehicles delivering materials and moving piling equipment
- drilling polymer bored piles
- mixing, pumping and managing polymer and concrete.

A ‘polymer bored piling’ method is being used. This typically generates less noise and vibration than other piling methods.

Staged car park closure – public car park, Beenleigh Road

From Wednesday 1 – Sunday 12 July 2026, the whole car park will be temporarily closed, to undertake construction activities:

- installing temporary fencing and bollards
- excavation and asphalting works line-marking on the Kuraby State School exit driveway and on Beenleigh Road
- installing new temporary pedestrian pathways.

From Monday 13 July 2026, the:

- western section of the car park will remain permanently closed
- eastern section of the car park be open, with access via a new driveway, through the Kuraby State School Drop and Go Zone.

Please see map over the page.

What to expect

- Noise, dust and vibration, with water carts in place to supress dust as required
- Increased heavy/light construction vehicles
- Vehicle and pedestrian changes, traffic control and signage, on:
  - Beenleigh Road
  - Winifred Street
  - Alpita Street
  - St Andrew Street
  - Jacob Lane
- Vehicles and equipment with flashing lights and reversing beepers
- Qualified fauna spotters/ catchers during vegetation clearing works, as required.
- Works around Kuraby Square shops. Access will be maintained at all times.

We appreciate your patience during these works. We will continue to keep you updated as works progress.

Track closures

From **Saturday 26 June to Monday 6 July 2026**, there will be major track closures on the Beenleigh and Gold Coast lines for works on multiple rail projects, including the Logan and Gold Coast Faster Rail project.

Please plan ahead, consider your travel options and allow plenty of travel time. Download the **Translink app**, visit **translink.com.au** or call **13 12 30**.

About the project

The Beenleigh Road level crossing is being replaced with a road over rail bridge to improve safety and reduce congestion.

This is the first of five level crossings being removed as part of the Logan and Gold Coast Faster Rail project, jointly funded by the Australian and Queensland governments.
