

Queensland Train Manufacturing Program

Crew on the maintenance building mezzanine level (October 2026)

Ormeau rail facility

The rail facility continues to take shape, with building, rail and civil works progressing across the site. Utilities and landscaping works are also underway.

Key benefits for the community

Contributes to economy

Contributes to regional growth

Project overview

A significant milestone has been achieved, with more than one kilometre of internal rail now installed across the site. Building and supporting rail infrastructure works continue.

What to expect

During this period, you may notice:

- ✓ low levels of noise, dust and vibration
- ✓ all vehicles using the temporary construction access via Prairie Road
- ✓ Queensland Rail crews access via Goldmine, Burnside, Lahrs and Eggersdorf roads, with traffic control as needed.

Information sessions

Community members are invited to **drop in and speak** with the project team at an upcoming pop up information session:

 **Monday 30 November 2026, 9–10.30am**

Norfolk Village State School,
83 Halfway Drive, Ormeau.

Construction works

- fit-out of the maintenance building, including services installation, gantry cranes and external building finishes
- drainage, roadworks, fencing, landscaping and new footpaths across the facility
- rail infrastructure works including track installation, turnouts, sleepers and overhead line equipment.

Goldmine Road upgrade

- this upgrade is being delivered by the Department of Transport and Main Roads (TMR) in partnership with City of Gold Coast
- electrical works, earthworks and drainage installation
- ongoing single-lane closures may be required on sections of the new road alignment
- temporary changes to traffic conditions, road layouts and access arrangements in the vicinity may be needed. Advance notice will be provided ahead of these changes
- traffic controllers and reduced speed limits may be in place during work hours
- for more information visit:

Work hours

 **Standard construction hours:**
6.30am–6.30pm, Monday to Saturday.

 **Queensland Rail standard hours:**
6.30am–5pm, Monday to Sunday.

Weather and site conditions may change this work schedule.

Out-of-hours works may occur within the site including concrete pours, and overnight water pumping and road grading after rainfall.

For enquiries about these works, please contact the Downer Project Team:
